

CARBO™
FIBRATEx®

WHEN
VERSATILITY IS KEY

The Carbo Fibratex line of non-woven pads, discs and rolls feature a special coating process that ensures the grain is continuously exposed for a superior, consistent cut when scuffing. Perfect for fine finishing and surface preparation in a wide range of applications.

The premium Carbo Fibratex Thin-Flex products are exceptionally flexible yet durable, and are perfect for contoured surfaces and tight spaces.

CARBO™

FIBRATEx®

SCUFF PADS, DISCS, AND ROLLS

FEATURES & BENEFITS

- High-quality non-woven fiber lasts longer than competitive pads
- Even grain distribution on two sides results in a very consistent scratch pattern, and delivers extra long life on both sides
- Available in a wide range of grits for every step in the paint preparation process
- Can be used wet or dry for maximum versatility in all applications
- Rolls are perforated every 3" for easy tearing for just the size needed
- Thin-Flex Pads offer extraordinary flexibility; gets into hard-to-reach areas and on contoured surfaces

Maroon (320/400)

- Use before primer and on primed surfaces
- Quick and aggressive cut
- Tear-resistant

Gray (800/1000)

- Use for final scuffing of blend panels
- Quick cut, uniform finish
- Very flexible, yet tear-resistant

Gold (1000/1200)

- Use for fine finishing and clear blend prep
- Ideal for pearls and metallics
