

# CARBO™ PREMIER™ REDCUT

## CARBO PREMIER REDCUT CUT-OFF WHEELS

As different as the company you keep, so are the jobs you do and the tools you use.

Double your production with Carbo Premier RedCut cut-off wheels. An advanced chemistry blend of abrasives that will put the hardest of applications to the test with over 50% more life. The true choice for the best value, with broadest versatility to lower production costs. And, that's money in the bank.

### FEATURES & BENEFITS

- 50% more life over GoldCut
- Thicker than GoldCut for more robust applications
- Can be used on both carbon steel and stainless
- New dimension of 1/16"
- Made in USA
