

# GUARANTEED NO-RISK TEST POLICY

## *Test In Your Shop*

Test drive Carborundum products in your shop, AT NO RISK. Simply let your Carborundum salesperson know when you'd like to test Carborundum in your shop. Our test drive program allows the technicians to do their regular work, without interruption, using Carborundum products in "real world" conditions. You're the final judge of performance.

At the end of the day, the Carborundum salesperson will review the results, provide you with potential cost savings and convert the shop to Carborundum products if you like what you see:

## *Carborundum Offers This No-Risk Test Policy*

1. Test the product in your shop on your machines.
2. If the product tested is completely unsatisfactory, you will receive a full refund.
3. If the product tested performs at a lower level than the product presently being used, you will receive an adjustment to make up the difference in performance.
- 4. YOU ARE THE FINAL JUDGE OF PERFORMANCE.**
